

Dakota Shy

2018 Atlas

Totally compelling with gorgeous aromas of thyme, dried herb, spice, black berry, cocoa, anise, cut golden straw, spice cake and fig paste. Backward, dark and brooding in the mouth with a thrilling combination of power, texture and energy. The flavors echo the aromas with an incredibly complex array of dark fruit, herb and chocolate notes. Texturally this is seamless and beautifully integrated with an awesome balance of power and freshness. Extraordinary.
