2016 Social Currency

A classic Social Currency, opulent, refined and totally irresistible. Phenomenal density, richness, length and power with an incredible range of dark fruit, herb, sweet tobacco, chocolate and espresso flavors that pulse through the mid palate. The finish goes on forever pushing chocolate, baking spice and herb flavors framed by dark berries. A totally luxurious texture - with layers of silky, polished tannins that frame a sumptuous core. While this is undeniably delicious now, it will be at its best from 2020 to 2035.
